

Sommerfugl – telle antall prikker

Forarbeid:

Print ut kortene på litt tykt papir, brett arket ved den stiplede linjen og laminér dem.

Fremgangsmåte:

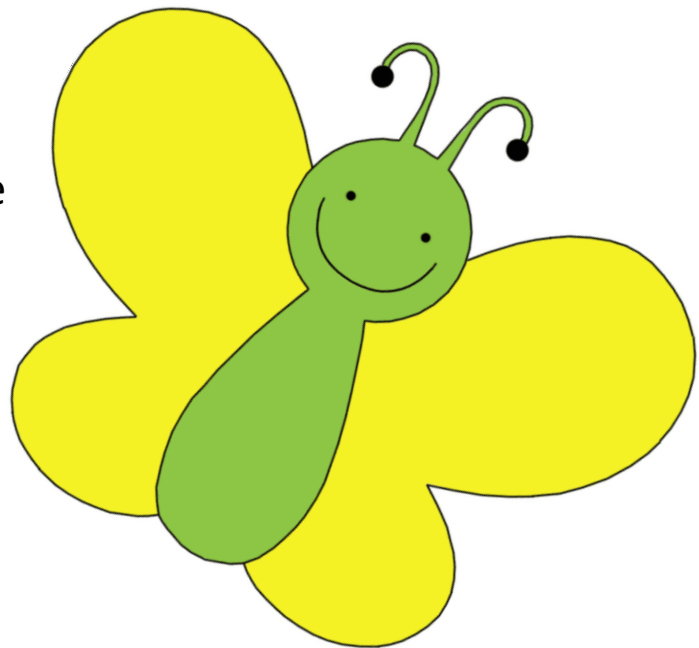

Hold kortet opp foran klassen. La elevene se og regne på hvor mange prikker de ser.

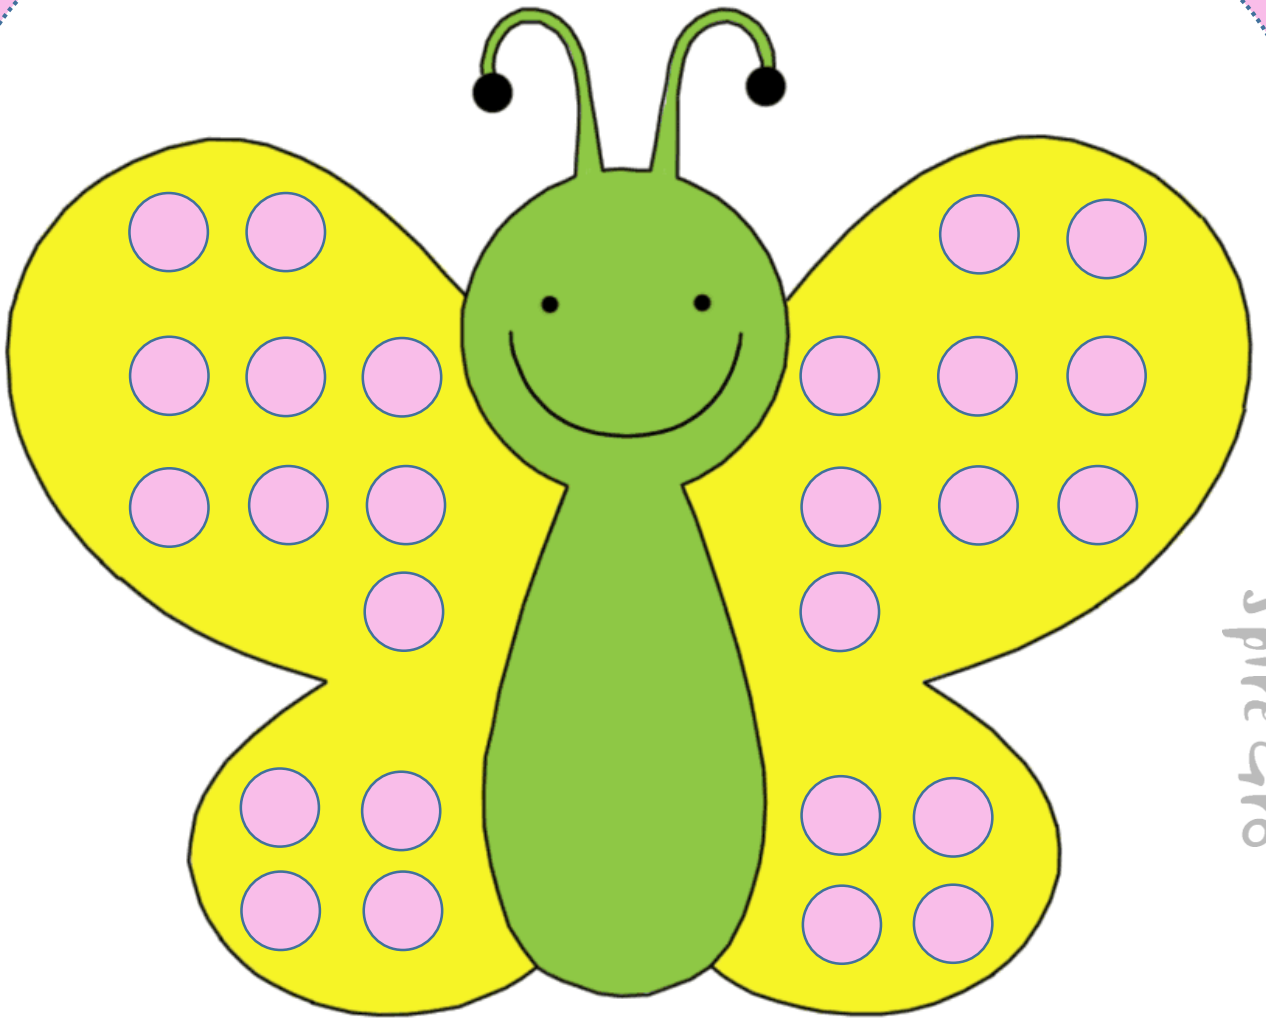

SPILL:

Print ut arkene. Klipp bort tallet. Laminer evt. alle kortene. Legg alle kortene på bordet med sommerfuglsiden ned. To og to spiller. Hver elev trekker et kort hver. Den som får flest prikker vinner et «stikk». Den av elevene som har flest «stikk» vinner.

Lykke til!
