

Sommerfugl plusskort

Forarbeid:

Print ut kortene på papir og klipp dem ut.

Legg for- og bakside sammen og laminér dem.

Fremgangsmåte:

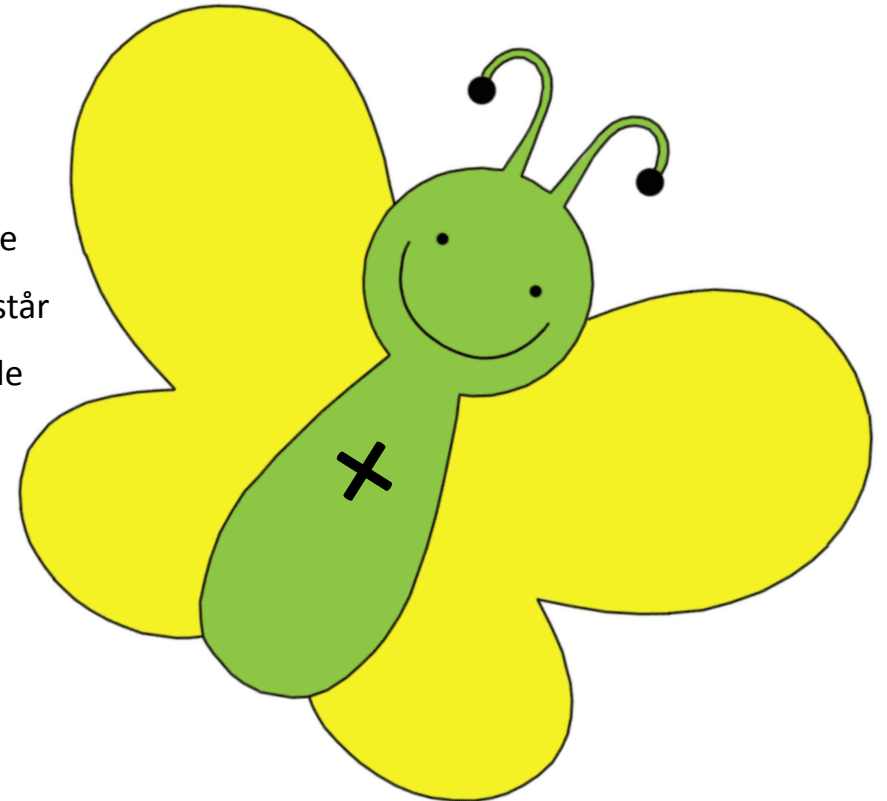

Elevene skal summere antall ROSA prikker på sommerfuglen. Svaret kan de enten skrive på et ark eller finne tallkortet som har samme verdi. Fasiten står på baksiden av kortet. Øv elevene i å si hvilken mengde som er på hver side og å bruke pluss, f.eks 3 prikker pluss 2 prikker blir 5 prikker til sammen.

Målsetting:

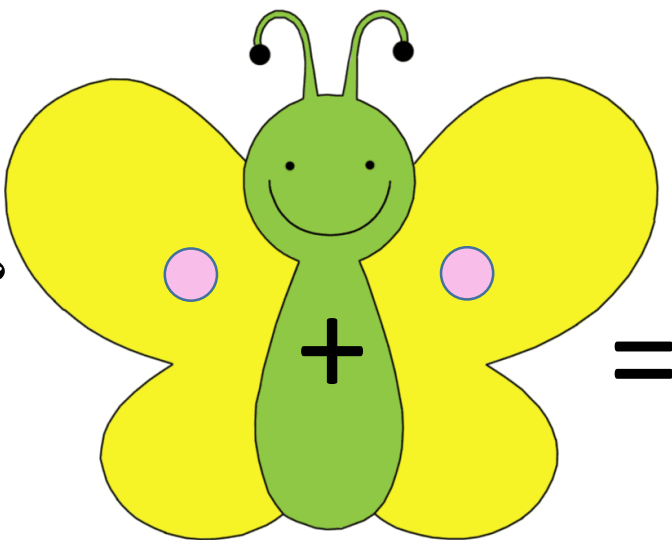

Introduksjon av plusstegn. Kortene gir elevene øvelsen i å summere to mengder på hver sin side av et plusstegn.

Lykke til!

Hilsen **Spire Gro**
