

Dinosaur bildelotto

Spillet er laget med 4 forskjellige spillebrett. Disse brettene printes ut på litt tykk kartong.

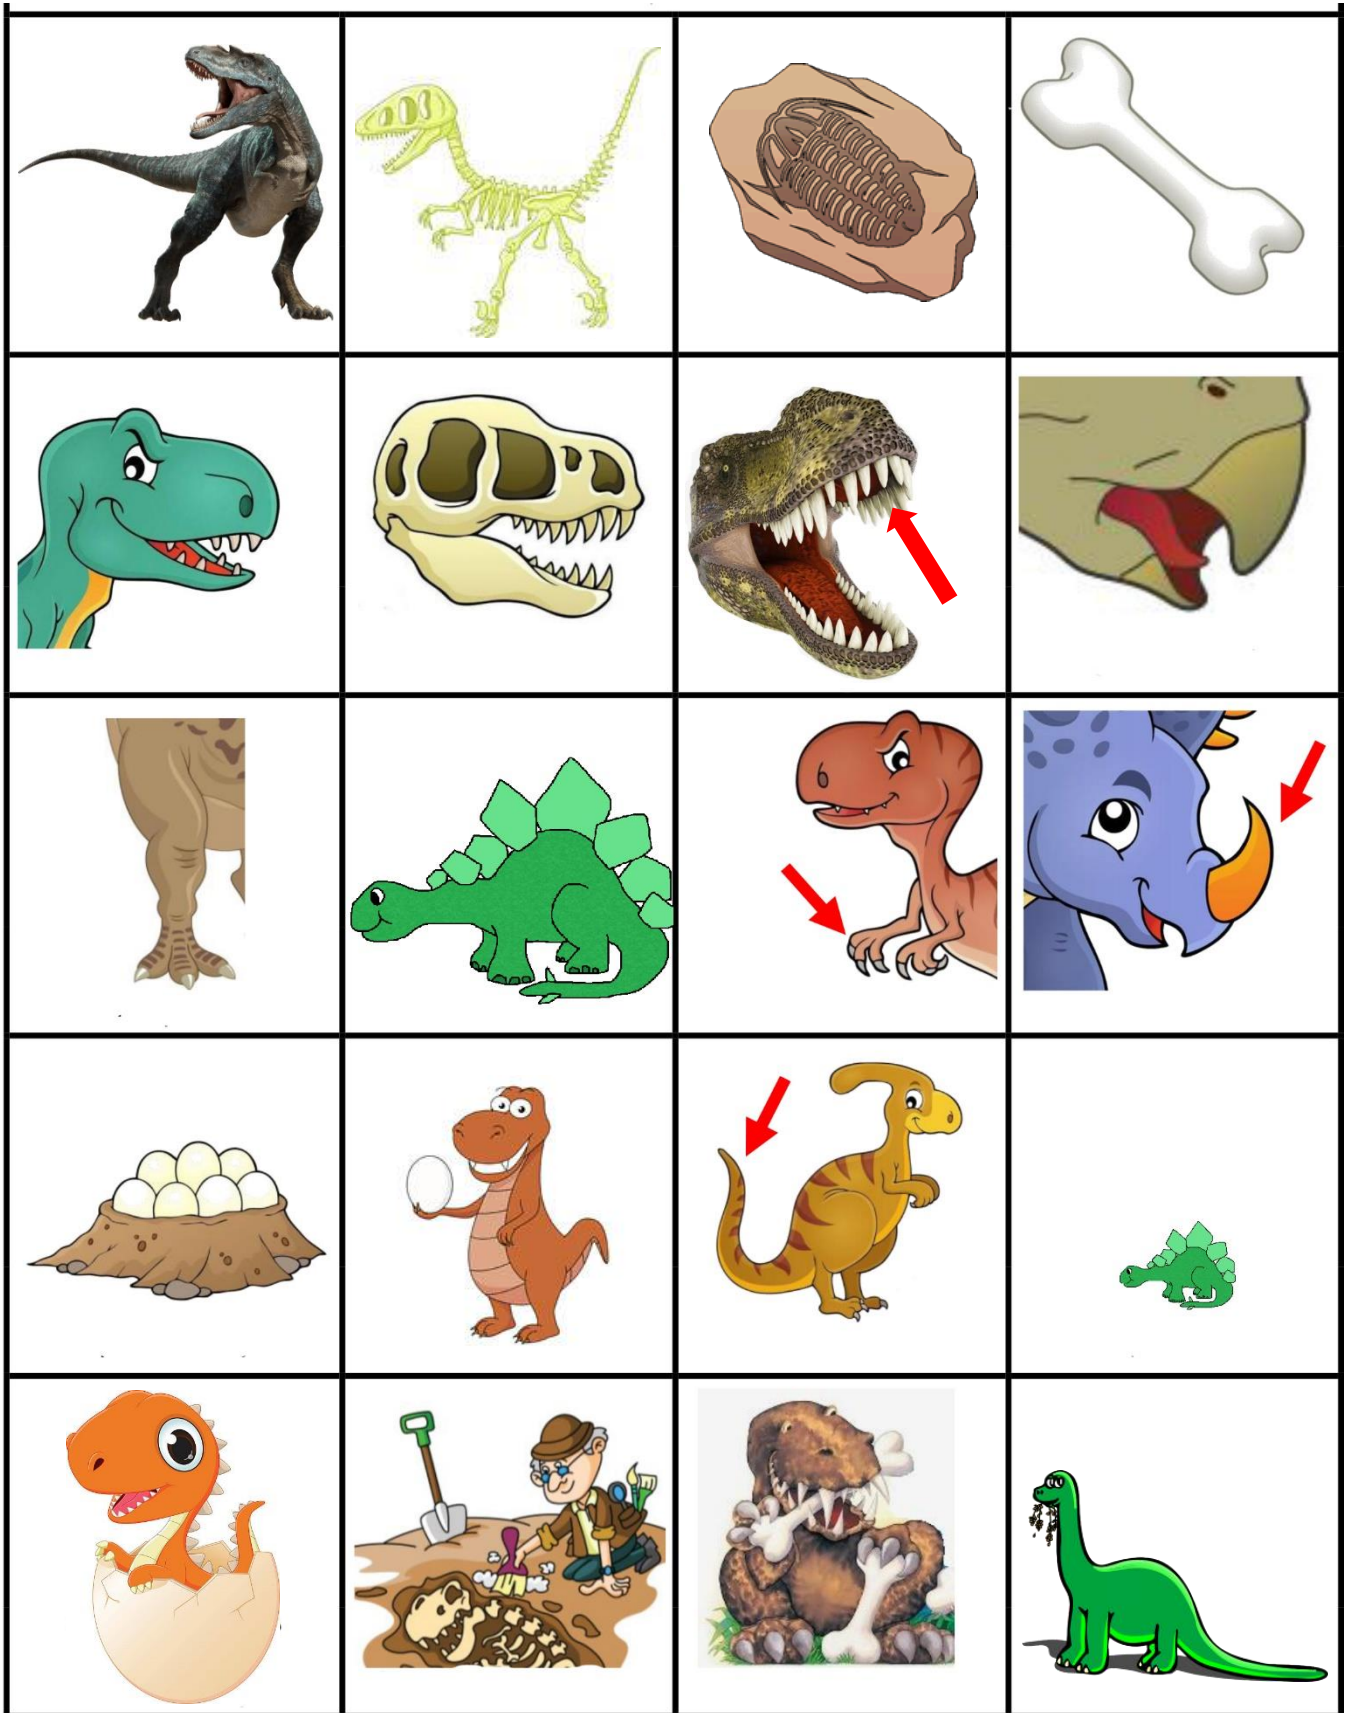

Ordkortene printes ut på tykk kartong, slik at ikke skriften synes igjennom. Hver brikke klippes ut.

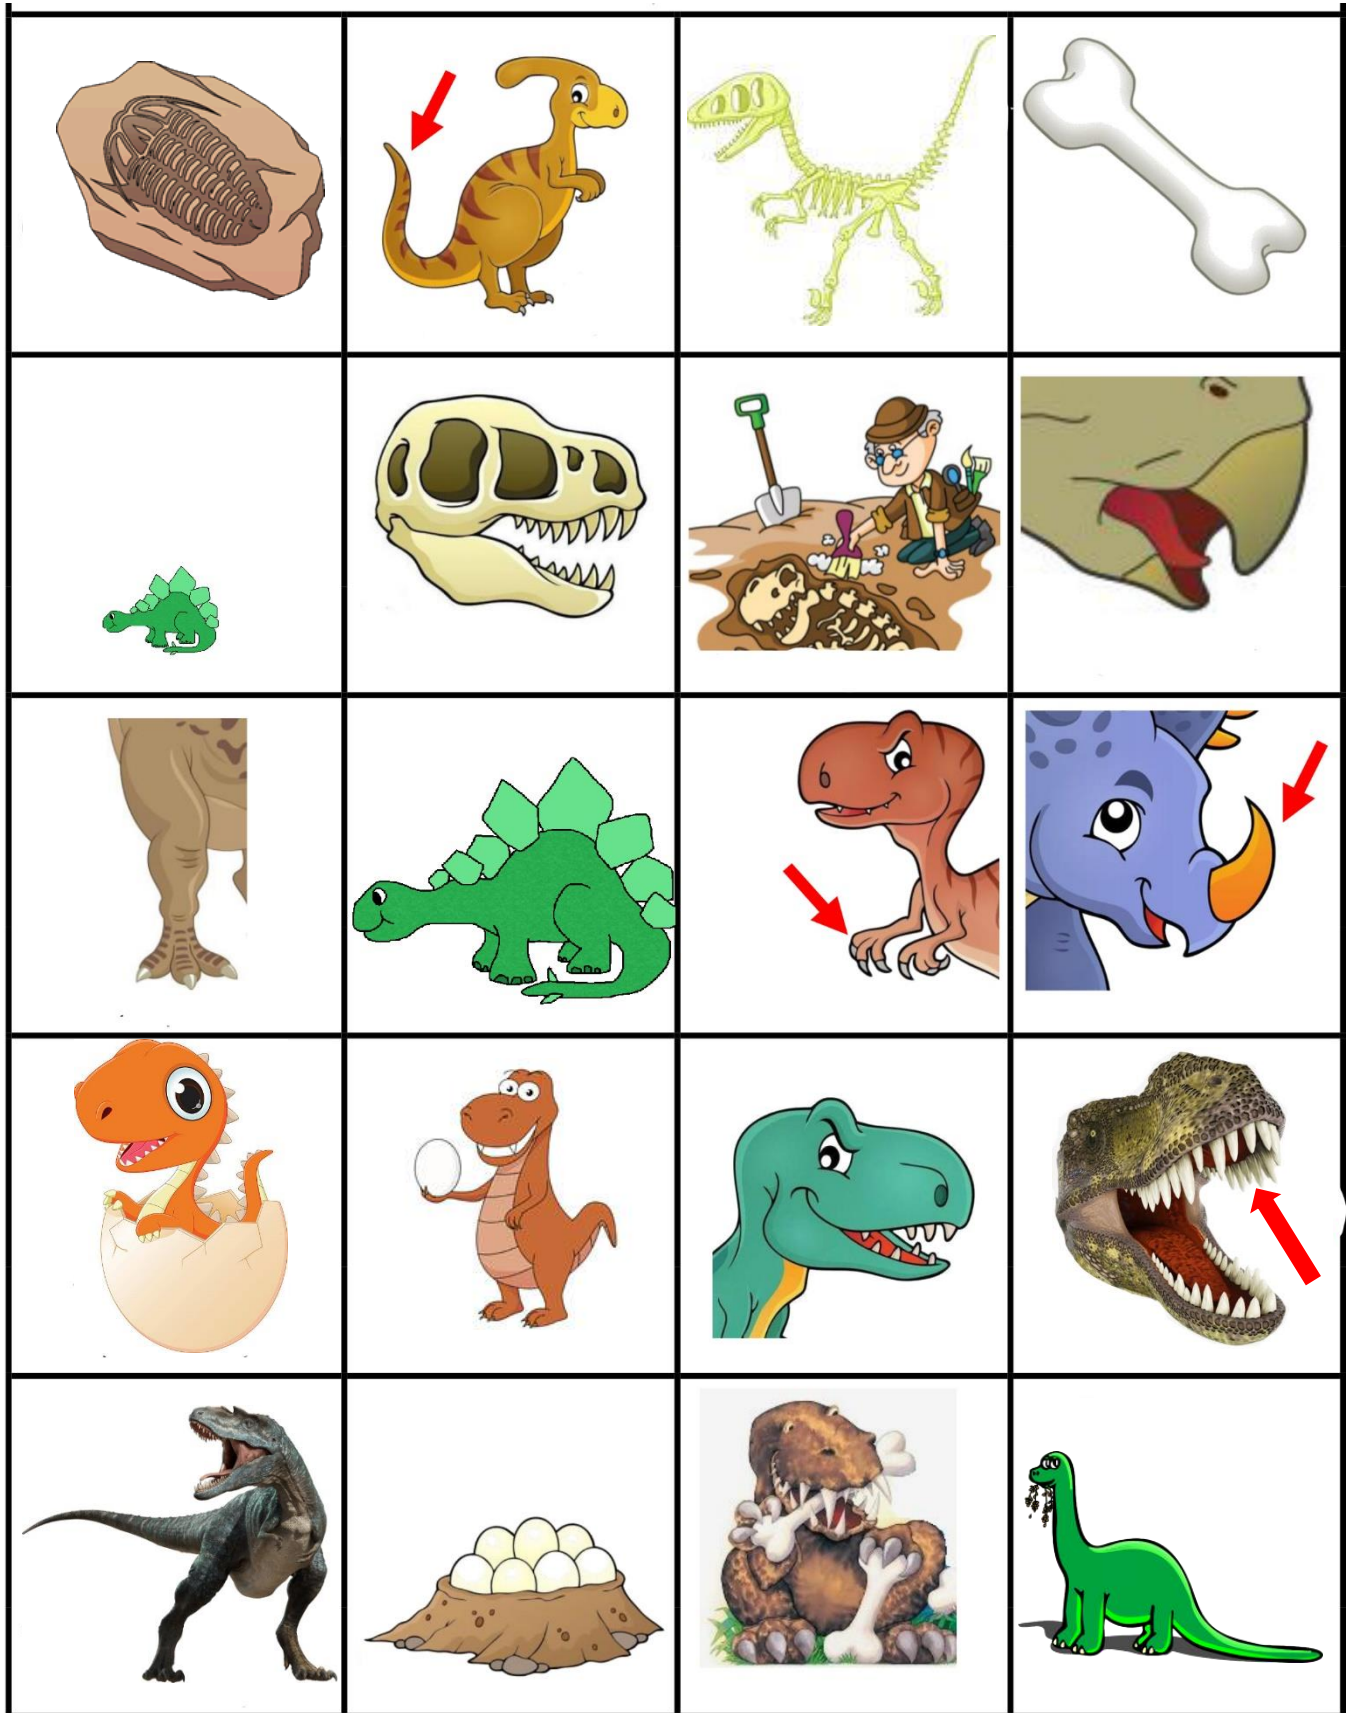

Alle ordkortene legges opp ned på bordet slik at ikke skriften synes. Hver elev trekker et og et kort. Har man ordkortet fra før av på sitt Brett, legges det tilbake på bordet.

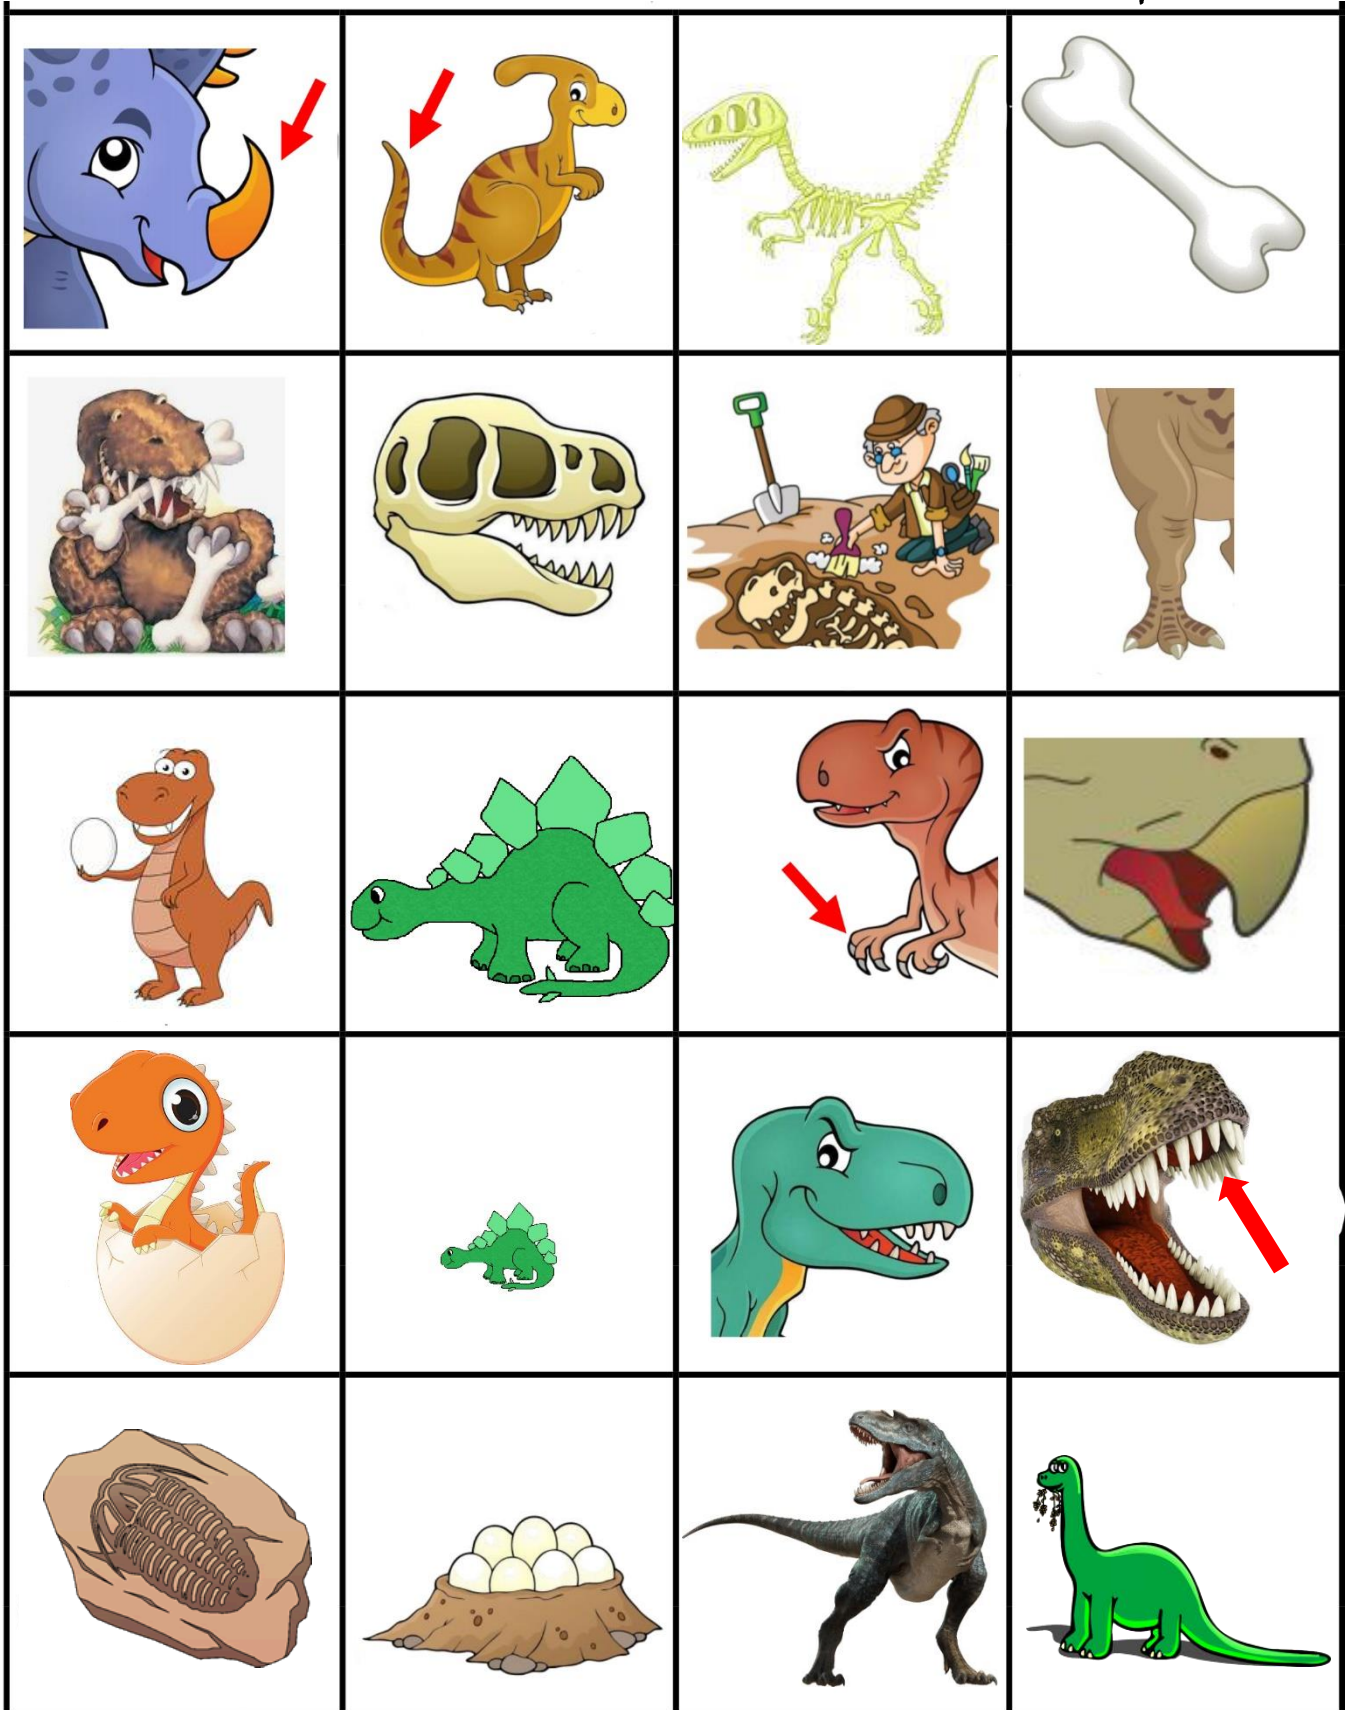

Ordene i spillet er tilpasset de glosene vi på 3.trinn jobber med i engelsk til temaet dinosaurer.

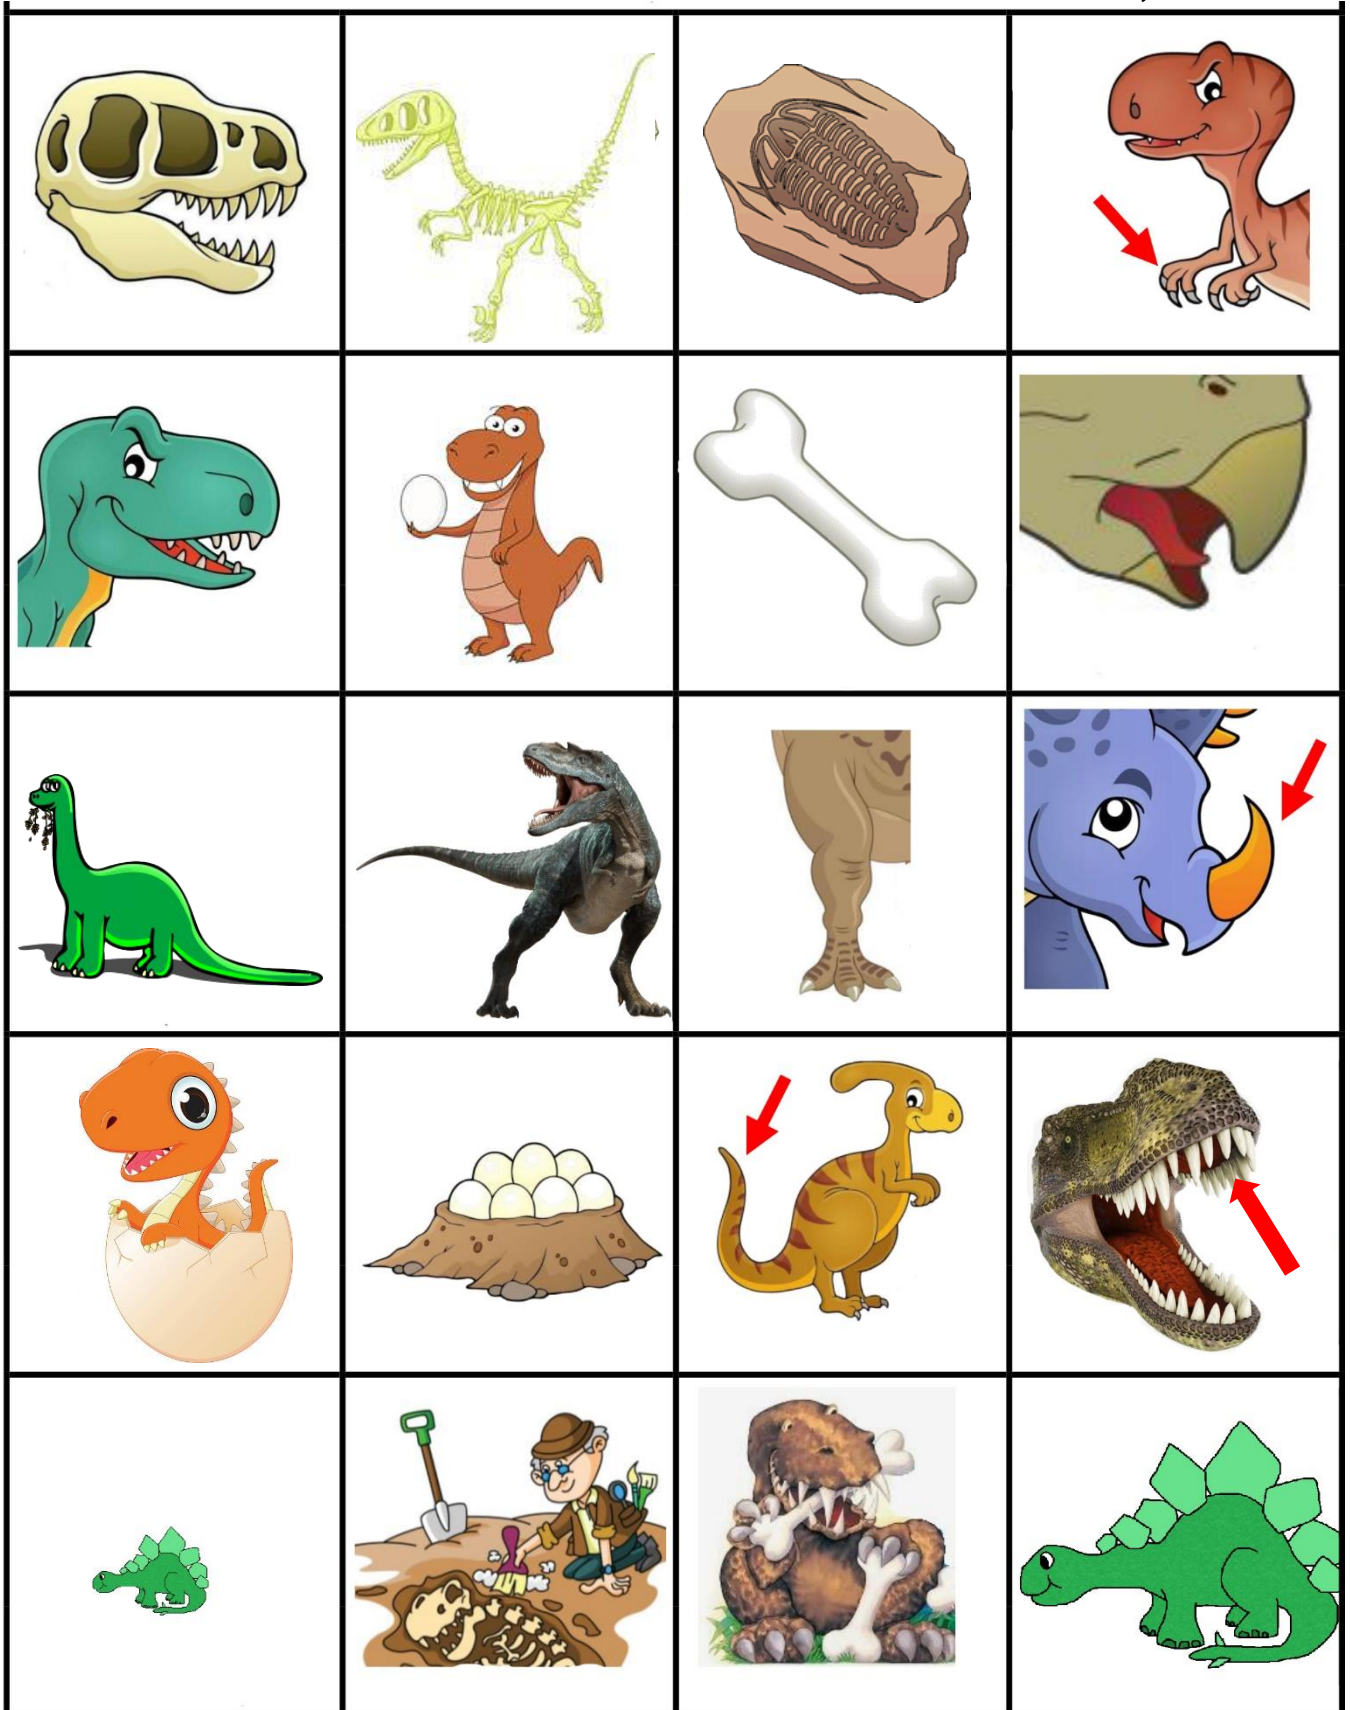

Lykke til!
